ANTI-BULLYING COMPACT

The Anti-Bullying Compact provides a clear outline of the way our community at Durack State School works together to establish a safe, supportive and disciplined school environment. This compact is provided to all students and their parents upon enrolment, and may be revisited with individual students if particular problems around bullying arise.

Durack State School – Anti Bullying Compact

We agree to work together to improve the quality of relationships in our community at Durack State School. It is through intentional consideration of our behaviour and communication that we can reduce the occurrence of bullying, and improve the quality of the schooling experience for everyone.

The agreed national definition for Australian schools describes bullying as ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm; involving an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening; happening in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records); having immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

We believe that no one deserves to be mistreated and that everyone regardless of race, colour, religion, immigration status, nationality, size, gender, popularity, athletic capability, academic outcomes, social ability, or intelligence has the right to feel safe, secure, and respected.

I agree to:

Treat everyone with kindness and respect.

Abide by the school's anti-bullying policies and procedures.

Support individuals who have been bullied.

Speak out against verbal, relational, physical bullying and cyber bullying.

Notify a parent, teacher, or school administrator when bullying does occur.

Application to enrol in a Queensland state school

This sheet contains information on how to complete the Application for student enrolment form (SEF-1 Version 8).

Entitlement to enrolment

Under the *Education (General Provisions) Act 2006 (Qld)* a state school must enrol a prospective student if they are entitled to enrolment. While not exhaustive, the following matters may affect a prospective student's entitlement to enrol in a state school:

- if the school has a School Enrolment Management Plan or an Enrolment Eligibility Plan (enrolment is subject to eligibility under the plan)
- the applicant is a prospective mature age student (the applicant can only apply for enrolment at a mature age state school and will be subject to a satisfactory criminal history check, or as a student in a program of distance education. All prospective mature age students must have a remaining allocation of state education.)
- the prospective student is not of correct age for enrolment (relates to Preparatory Year and Years 1 to 6)
- the prospective student has been excluded, or is subject to suspension from a state school at the time of the application
- the school principal reasonably believes that the prospective student presents an unacceptable risk to the safety or wellbeing of members of the school community (application is referred to the Director-General)
- the school is a state special school and the prospective student does not meet the criteria for enrolment in a special school
- the proposed enrolment requires approval as part of a flexible arrangement under s.183 of the *Education (General Provisions) Act 2006 (Qld)*, and the arrangement has not yet been approved
- the prospective student is not an Australian resident or citizen or the child of an Australian permanent resident or citizen (visa restrictions may apply, fees may be charged, in some cases legislation requires that the prospective student must obtain approval from the Chief Executive via Education Queensland International (EQI) to enrol)
- the school does not offer the year level that the prospective student should be enrolled in
- the prospective student has no remaining semester allocation of state education. Enrolment cannot proceed until additional semesters are applied for by the prospective student (or parent on their behalf) and granted.

Prospective student

A prospective student is a person who has applied to enrol at a state school but who has not yet been accepted for enrolment.

Parent's occupation and education

All parents across Australia, no matter which school their child attends, are asked to provide information about family background (answering this question is optional). The main purpose of collecting this information is to promote an education system which is fair for all Australian students regardless of their background.

Court Orders

Any court orders concerning the prospective student's welfare, safety or parenting arrangements should be provided to the school, and the school should also be provided with any new or updated orders.

Name on enrolment form

A prospective student should be enrolled under their legal name as per their birth certificate. There is provision to also record a preferred family and/or given name. The preferred name will be used on internal school documents such as class rolls. The legal name will appear on semester reports unless there is a specific request to use the preferred name only. This request can come from parents/carers or the student (if the student is independent/mature age).

Gender

Information about gender is supplied to the Federal Government to comply with State funding agreements. The gender category with which a person identifies may not match the sex they were assigned at birth. There is no requirement for a student's gender recorded on this form to align with the sex shown on their birth certificate or passport.

Religious Instruction

Religious instruction is a program approved and provided by a religious denomination or religious society. Other instruction relates to part of a subject area that has been covered within the curriculum and may include, but is not limited to, personal research and/or assignments, revision of class work, and wider reading. Information about religious instruction available at the school, and about other instruction, is provided by the school at the time of enrolment and on the school's website.

6. DURATION

It is not possible for the Signatory or the Individual to withdraw the Individual's personal information or Individual work or revoke this consent in relation to such existing uses of that material.

If you do wish to revoke or modify this consent in relation to any further new uses of the Individual's personal information or Individual work, the Individual or the Signatory should send a notice in writing to the person nominated in Section 8 of this Consent Form. After that notice is received, the Department and the State will still be able to continue the existing uses, but will not be able to make any further new use of the Individual's personal information or Individual work.

The Signatory acknowledges that where material is uploaded to a Social Media website or other website:

- the use and contractual obligations may be perpetual and irrevocable; and

- This Consent Form is a legally binding and enforceable agreement between the Signatory and the Department or the State,

- The 'Department' and the 'State' include the officers and employees of the Department and the State engaged in performing services for the Department and the State.
- 'Social Media Website' includes any website operated by a third party which facilitates the uploading and sharing of user generated content, including social and professional networking websites, web forums, blogs and wikis.

8. NOTE

The Department will use its best endeavours to ensure the person signing this Consent Form is authorised to do so, but takes no responsibility for circumstances in which it is misled as to the identity or authority or ability of a person to provide consent.

If you require a copy of this signed Consent Form, or if you wish to revoke this consent, please contact the Principal of the school at which the Individual is enrolled or works or send a request in writing to the District Office.

9. INFORMATION

What is this consent for?

This Consent Form authorises the Department and the State to use the Individual's personal information and copyright material, together with information about the Individual's participation in Departmental and State initiatives, for any use by the Department and the State associated with the purposes identified in Section 5 of this Consent Form. The consent covers the entire or partial use of the Individual's personal information and copyright material in conjunction with other words and images.

For example, the Individual's personal information and copyright material may appear in school newsletters, magazines, websites (including Social Media Websites) and other school, departmental or State publications, as well as in television advertising, videos, brochures, forms, public relations displays, annual reports, press advertising, internal documents such as manuals, websites, certificates and strategic plans, and posters and other promotional material. There may also be occasions on which the Department may approve the media, such as local newspapers and television stations, using information and copyright material in relation to the Individual (for example, where the Individual is involved in dramatic or musical performances, sporting activities or award ceremonies).

Websites

Individuals and Signatories should be aware that publication of an Individual's personal information and Individual work on Social Media Websites is similar to publication in newsletters, magazines, brochures, etc; however publication on Social Media Websites is publication of that material to the world at large.

Individuals and Signatories should be aware that the publication of an Individual's personal information and Individual work, by the Department or the State, on a Social Media Website typically constitutes a permanent and publicly available record of that material. This means that anyone may be able to copy and use an Individual's personal information and Individual work that has been published on a Social Media Website for any purpose and without the consent or knowledge of the Department, the State or the Individual. Individuals or Signatories should not grant their consent to the Department or the State to use an Individual's personal information or Individual work in connection with a Social Media Website if the Individual or Signatory does not agree to the material being permanently available to the public.

If an Individual's personal information or Individual work is published on a Social Media Website, that material will be governed by the privacy policy and terms of use of the relevant Social Media Website. The Department or State cannot reasonably control how an Individual's personal information or Individual work is used by third parties once the material has been published on a Social Media Website.

What is copyright material?

An Individual's copyright material may include written work (e.g. stories and poems), paintings, pictures, drawings, designs, photographs, videos, films, music, performance, recordings, computer programs, websites, sculptures, fashion, metal- or wood-works made by them or to which they contributed. In the case of students, it includes, but is not limited to, work that they create in the course of their studies during the time they are enrolled at a State school. These materials may form part of their academic assessment or be part of their studies generally and may attract copyright.

The Department understands that students and volunteers generally own the intellectual property rights in the material they create and that this Consent Form is not meant to transfer the Individual's ownership of the intellectual property in their copyright material.

This Consent Form does not provide for copyright consent in relation to copyright works an Individual creates in the course of employment (whether or not the material is created in normal work hours or using departmental facilities or equipment). Where copyright material is created by a State employee while performing their duties under the terms of their employment, the copyright is owned by the State as the employer (section 35 *Copyright Act 1968*). There are limited exceptions to this including, for example, where the copyright material is created by an employee pursuant to a prior agreement with the employer.

Generally, the deciding factor is whether the employee is performing their official duties. In addition, section 176 of the *Copyright Act 1968* applies where the work was created by or under the direction or control of the State. However, moral rights may still apply to copyright material created by an employee. The *Queensland Public Sector Intellectual Property Principles* provide further information on intellectual property. If as an employee you have any further queries about the ownership of the intellectual property in respect of the works you create you should contact the Legal and Administrative Law Branch.

What is personal information?

Personal information includes information or opinions, whether true or not, about an individual whose identity is apparent or can reasonably be ascertained from the information or opinion. This includes the Individual's name, image or video or sound recording. It also includes the Individual's educational information such as the Individual's assessment and results, and health information and court orders provided to the Department, where such information may enable the Individual to be identified.

What happens to the Consent Form once it is completed and signed?

The Consent Form is retained by the Department and it will be placed on the Individual's file and/or the project file. The Individual or Signatory may request a copy of the signed form by contacting the Principal of the school.

What if I give my consent and later change my mind?

This consent will be in effect from the date the Consent Form is signed. The Department and the State will then start using the Individual's personal information and Individual work to create material incorporating the Individual's personal information and Individual work and entering into contractual obligations in relation to that material.

If you wish to later modify or revoke this consent, the Individual or the Signatory should send a notice in writing to the person nominated in Section 8 of this Consent Form. After that notice is received, the Department and the State will not make any new additional use of the Individual work, but any existing uses will continue.

Where the Department or another person uploads material to a Social Media Website or other website, it may need to accept contractual obligations that are perpetual and irrevocable. It may not be possible to ensure that all copies of the material are deleted or cease to be used, and the Department and the State cannot take responsibility for doing so.

Privacy

The consent to the recording, use and disclosure of the Individual's personal information and Individual work is required in accordance with the *Copyright Act 1968* (Cth), the *Education (General Provisions) Act 2006* and the *Information Privacy Act 2009*. Personal information will be stored securely. The Department will only disclose the Individual's personal information in accordance with your consent, except where authorised or required by law. If you wish to access or correct any of the personal information on this form or discuss how it has been dealt with, or if you have a concern or complaint about the way the Individual's personal information has been collected, used, stored or disclosed, please contact the school.

The Online Service Consent Form 2023

Privacy Notice

The Department of Education is collecting the personal information on this form in order to obtain consent regarding the use of online services. This information and completed form will be stored securely. Personal information collected on this form may also be used by or disclosed to third parties by the Department where authorised or required by law. If you wish to access or correct any of the personal information on this form, or discuss how it has been dealt with, please contact your student's school in the first instance.

Dear Parent/Guardian,

Our school uses tools and resources to support student learning, including third party (non-departmental) online services hosted and managed outside of the Department of Education network.

Online services, including websites, web applications, and mobile applications, are delivered over the internet or require internet connectivity. Examples may include interactive learning sites and games, online collaboration and communication tools, web-based publishing and design tools, learning management systems, and file storage and collaboration services.

This letter is to inform you about the third-party online services used in our school and how your child's information, including personal information and works, may be recorded, used, disclosed, and published to the services (if you provide your consent for this to occur).

The Online Services Consent Form is a record of the consent provided.

About the online services

After evaluation, the principal has deemed specific third-party online services appropriate for school use. These online services are listed on this consent form.

Third party online service providers are external to the school, and the services may be hosted onshore in Australia or offshore outside of Australia. Data that is entered into offshore services may not be subject to Australian privacy laws. When considering whether to provide your consent, we encourage you to read the information provided about each online service, including the terms of use and privacy policy, which outline how information and works will be used and under what circumstances they may be shared.

Student information and works

The consent collected by the form covers both student personal information (e.g. name, date of birth) and school-based information (e.g., student username, email, year level) and student works. Works might include materials such as student projects, assignments, portfolios, images, video or audio.

Where permitted by the service provider, de-identified information will be used and/or efforts will be made to limit the amount of personal information disclosed and stored within online services (e.g., when registering accounts, only mandatory information will be disclosed).

Where student works will be created within, stored or published to the online service (in some cases, published information or works will be viewable by the public), this will be indicated in 'additional consent' in Section 4 of this Online Services Consent Form.

Purpose of the consent

Third party online services are used for various purposes. The purpose of use for each service is outlined in Section 6 of the Online Services Consent Form.

The Online Services Consent Form records your consent for your child to register accounts, use, and, where specified, publish their work to these services. The form also collects your consent for school staff to collect, store, and transmit information to online services in order to manage school operations and communicate with parents and students.

It should be noted that, in some instances, the school may be required or authorised by the Education (General Provisions) Act 2006 (Qld) or by law to record, use or disclose the student's personal information or materials without consent.

Voluntary consent provision

It is not compulsory to provide consent. If your consent is not given, this will not adversely affect any learning opportunities provided by the school to your child.

Consent may be limited or withdrawn

You can withdraw your consent at any time by notifying the school in writing (by email or letter). The school will confirm the receipt of your request via email if you provide an email address.

You may also limit your consent by providing consent for some, but not all, online services listed on the form.

Due to the nature of the internet, it may not be possible for all copies of information (including images and student works that have already been disclosed or published) to be deleted or restricted from use if you request it. The school may remove content that is under its direct control, however, information and works that have already been disclosed and published cannot be deleted, and the school is under no obligation to communicate changes to your child's consent circumstances to online service providers.

Duration of consent

The consent applies for the period of time specified on the form. You may review and update your consent at any time by notifying the school in writing (by email or letter).

There may be circumstances where the school issues a new consent form to seek additional consent e.g. in the event that new online services are identified for use.

Who to contact

To return the form, express a limited consent, withdraw consent or ask questions regarding consent, please contact Head of Department Curriculum at Durack State School on 3714 2666.
